REXEL

A Rexel Group
Company

Citadel Plus Now Offers You Even More Choice – All from a Single Source of Supply

Citadel, the own brand range from Senate Electrical, is already well established as the first choice for fire, safety and security products. Not only has the range been expanded and enhanced, we've also added complementary products from other leading manufacturers. Each one has been carefully selected and tested prior to inclusion in this new catalogue to ensure it offers our customers the quality and value usually associated with the Citadel brand. In total, this new range, aptly called Citadel Plus, offers you even more choice when you need to specify or install the very best products for your customers.

Help and technical assistance is readily available – just call any one of the branches in the Senate Electrical nationwide network. You'll find full details on the back cover.

So, when your reputation depends on it, you can confidently insist on Citadel Plus. We're certain it will quickly become your first point of reference.

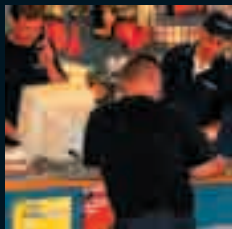

Continuous Product Development

In line with our policy of continuous improvement the company reserves the right to change specifications without prior notice. The information contained in this publication is representative only of general models and does not form part of any contract.

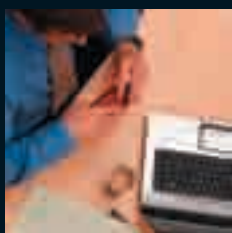

Connect with the **Best**
