## THERMOSTATS AND FAN HEATER

### THERMOSTATS

#### SECTOR

##### Room Stat

Slim and compact bright white modern design.

Temperature range from 5 to 30°C.

Surface mounted with 2 / 3 - wire connection.

Programmable Stat has fixed time and temperature and 2 comfort programmes and a battery supply with low power indicator.

Plug in base for wall or flush mounting.

Description	Ref No.	Order No. 0001
Room Stat 5-30° 10(4)A	SRAM701	134276
Room Stat 24Hr-7 Day Programmable	SRAM801	134289

#### SECTOR

##### Plug In Thermostat

Easy to use innovation for switching on and off when a set temperature is reached between 0 and 35°C and has a manual override.

Precise temperature display and integral back up battery.

13A Resistive and 2A inductive loads.

Ideal for direct acting and portable heaters as well as oil filled radiators.

Description	Ref No.	Order No. 0001
Plug In Temperature Controller	SET05	134292

### TIME CONTROLLERS

#### SECTOR

##### Round Pattern Time Switches

Industry standard 20 Amp 3 pin round pattern timer switch.

Can be used as a direct replacement for single channel On / Off switching.

24 On / Off programmes in 24 hours.

Half day(s) and day(s) omit unlimited over a 7 day period.

Permanent on facility and a manual override.

Description	Ref No.	Order No. 0001
3 Pin 20A 24 On / Off + Day Omit	SRTS113	127665

#### SECTOR

##### Portable Fan Heater

Compact Fan heater with choice of heat settings and cool blow function.

Supplied with cable and fitted plug.

Description	Ref No.	Order No. 0001
2Kw Flat Fan Heater	SHEAT2/FAN	145207

## RADIANT AND STORAGE HEATERS

### SECTOR

#### Wall Mount Quartz Heater with Light

Wall or ceiling mount on tiltable stirrup.

2 Element 950W + 950w Quartz Heat and 100w halogen light with multifunction pullcord operation.

IP20 rated for mounting in protected shops, garages, sheds and porches.

Supplied with cable and fitted plug.

Description	Ref No.	Order No. 0001
2Kw IP20 Quartz heater with light	SHEAT21/QTZ	145223

### SECTOR

#### Floor standing Quartz Patio Heater

IP44 rated splashproof suitable for exterior use.

Supplied with cable and fitted plug.

Weighted base with 2M telescopic pole.

Adjustable Head and Heat settings.

Description	Ref No.	Order No. 0001
2Kw IP44 Quartz Patio Heater	SHEAT2/PAT	142307

### STORAGE HEATERS

### SECTOR

#### Storage Heaters

BEAB approved willow white range of storage heaters suitable for domestic or commercial utilising industry standard bricks.

Automatic Storage Heaters with Automatic input Charge Control and an adjustable boost control damper.

Small heater is a manual version as it is designed for use in small areas with a preset input and no user controls.

Supplied with Heat retention bricks.

Description	Ref No.	Order No. 0001
1.7KW Storage Heater Auto	STHS170A	133659
2.55KW Storage Heater Auto	STHS255A	133662
3.4KW Storage Heater Auto	STHS330A	133675
0.85KW Storage Heater Man	STHS085	133646

### SECTOR

#### Auto Combi Storage Heaters

This range provides the benefit and convenience of economy storage heating with the flexibility of "direct-acting" top up heat.

Increased controllability allows the user to turn on the convector and enjoy heat on demand.

Comfort conditions are automatically maintained with the convector element controlled by a thermostat.

The convector element can be used even when the storage heater is charging.

The convector switch incorporates a neon indicator to reduce inadvertent use.

BEAB approved willow white to co-ordinate with the rest of the Sector heating range.

Dimensions Height = 700mm, Depth = 204mm

Watts	Watts Convected	Width (mm)	Ref No.	Order No. 0001
1.7KW	1.0KW	560	STHC170A	146206
2.55KW	1.5KW	788	STHC255A	146219
3.4KW	2.0KW	1016	STHC330A	146222

3.00KW	430 x 860 x 143	SPH3000T	145248

### CONVECTOR HEATERS

#### Convector Heaters

Robust & stylish convector with wall brackets and free standing feet included.

3 heat settings and adjustable thermostat.

White enamel finish with tough black plastic features, cable and plug.

Description	Ref No.	Order No. 0001
2KW Wall / Floor Convector	SHEAT2/CON	145210

### TUBULAR HEATERS

#### Tubular Heaters

Tubular heaters provide a simple and low cost source of heat ideal for keeping condensation at bay in a number of locations such as: Portable buildings, garages, conservatories, shop windows, kennels & catteries, reptile houses, aviaries closets airing cupboards etc.

All models feature a safety cut out.

Due to the temperatures reached it is highly recommended when installing tubular heaters that safety guards are fitted.
