ZIP[®]

ZIP *Trio* Water Filtration System

Water filter tap

- A mixer tap *and* filter tap

Now you can have all the advantages of a tap with mixed hot and cold supply for hand washing and washing up, plus filtered water for drinking, either chilled or at room temperature

- Taste the difference

Zip's special sub-micron filtration removes bad taste and odour as well as organic contaminants, providing great tasting healthy water straight from your tap

- Cheaper than bottles

Now you can have an endless supply of crystal-clear drinking water, on tap, at a fraction of cost of bottled water and without damaging the environment

- Choice of two models

The Zip Trio is available either as an ambient (water at room temperature) or chilled unit, to provide extra refreshment.

- Available in a chrome or nickel finish

- One year warranty

ZIP Trio *Water Filtration System*

Check out these benefits

- Removes dirt, rust and particulates which contaminate your water
- Reduces chlorine and other chemicals affecting the taste and smell of your water
- Filters out giardia, cryptosporidium and asbestos fibres
- Inhibits limescale accumulation

Zip Trio brings you all these important advantages

- Compact design
Long life activated carbon filter is super compact and easy to fit under sink
- Water flow control
Patented flow control valve adjusts to reduce water splashing and has an easy to use lever to turn off water when changing filters
- Backflow prevention
Non-return valve protects the water supply from contaminants trapped in the filter

Simple to install

The Zip Trio contains complete instructions together with everything you need to install the sink-top Trio and under-sink filtration system and chiller unit (if ordered)

Kit includes:

1. Filter cartridge
2. Filter head
3. Saddle clamp for connection to mains supply
4. Tap head and connections
5. Chiller unit and connections

Space needed in cupboard:

Ambient model:

300mm high x 150mm diameter

Chiller model:

192mm high x 295mm wide x 396mm deep

Zip Heaters (UK) Ltd.
